The CONFESSIONS of an Anti-Semite

A Special Note to AFP Readers from Michael Collins Piper:

*D*on't use the term "anti-Semite" in the title of your book!" That was the urgent warning of a sensitive reader who urged, "Call yourself an 'anti-Zionist.' But I told him: "Well, for 50 years I've been branded an anti-Semite. And besides, those who decide who's an anti-Semite say that anti-Zionists are anti-Semites anyway. I'm damned if I do and damned if I don't."

And that's precisely why I used the term "anti-Semite" in the title of this book—for the very purpose of driving home the point that the Zionists are constantly engaged in a very insidious form of linguistic legerdemain—putrid trickery—to smear those who stand in the way of the Zionist agenda.

And that is something my book addresses *in no uncertain terms.* If we cannot speak directly about a subject, then we are subjecting ourselves to self-censorship. I make no apologies for the tough talk found in these pages. *If you are distressed by frank opinions, don't buy this book.*

I'm tired of the lies and the bullying and the double standards that are the foundation upon which the monstrous misconduct of U.S. foreign policy now stands—the direct consequence of inordinate Zionist financial (and thus political) power in America today, an influence made more substantial due to the Zionist control of the mass media, a fact only liars or fools would deny.

I guarantee this: once you've read this book, you'll never look at the topic of—and accusations about—anti-Semitism in the same way again. *You'll finally understand the propaganda of the New World Order . . .*

See more: pages A-2 to A-4.

The mass media in America is always talking about "anti-Semitism" and has accused endless numbers of people around the world of being "anti-Semitic." But this book—by longtime AFP correspondent Michael Collins Piper—is the first book ever to explain, in no uncertain terms, that the charge of "anti-Semitism" is actually part of a well-thought-out and carefully contrived form of linguistic trickery designed to confuse people and advance the New World Order.

Piper himself has been accused of being an "anti-Semite" because of the unabashed facts and many thousands of articles he has written over the years, but he rejects the accusation and points out that there's much more to the history and reality of "anti-Semitism" than meets the eye.

Although many friends advised Piper not to adopt this controversial title for his new book, he decided instead to hit the issue head on and now in *THE CONFESSIONS OF AN ANTI-SEMITE* he has thrown down the gauntlet to the New World Order propagandists and has put forth a remarkable assembly of hard facts and information that's hard to refute.

In so doing, he's outlined his own fascinating personal history; including first-hand accounts of his global travels to such places as Russia, Japan, Malaysia, Iran and Abu Dhabi where he has met world leaders and lectured on—and directly confronted the issue of "anti-Semitism" and the very real phenomenon of Zionist power in America. This may be Piper's most important book EVER!

The TRUTH about those ugly all

The book you need to silence your critics . . .

Some of the fascinating highlights . . .

Piper's first-hand confrontations with some well-known American politicians over the issues of Zionist power and the truth about 9-11!

Michael Collins Piper has lectured in Russia, Japan, Malaysia, the United Arab Emirates, Iran and all over Canada, meeting with statesmen, industrialists, diplomats and others. In his new book, Piper tells all . . .

How a U.S. ambassador—a member of the Council on Foreign Relations—illegally conspired to stifle global distribution of Piper's books . . .

Michael Collins Piper's college room-mate is now **one of the most powerful Zionists in Congress.** Piper recounts some of the shocking things his former friend told him . . .

What the founder of the Kennedy Dynasty said privately about the Rothschilds, World War II and the Federal Reserve.

In 1987 Michael Collins Piper spent an entire day at the Honolulu home of longtime Philippine President Ferdinand Marcos and his wife Imelda. You'll be amazed to learn what Mrs. Marcos personally told Piper about the role of Zionism in our world today . . .

Piper's intriguing account of how he correctly assessed that a prominent "patriot" was actually a federal informant tied to the Oklahoma bombing . . .

Michael Collins Piper once ran into ADL chief Abe Foxman on the street on Capitol Hill. Here's the very revealing (and amusing) story of how this Israeli propagandist reacted when Piper approached him . . .

The never-before-told story of Piper's 4-hour meeting with an Arab potentate, discussing the truth about bin Laden.

While in Moscow, Piper learned some amazing facts about the rising tide of anti-Zionist sentiment in 21st century Russia

Senator Bobby Kennedy was a chip off the old block. Find out which group he scathingly referred to as "the liberals" when talking in public places with his close friends about "the liberals"!

"They" tapped his phone and threatened Piper's life

An AFP story by Michael Collins Piper on the 9-11 tragedy sparked an international controversy involving the U.S. and Saudi Arabia . . .

How the U.S. Embassy in the United Arab Emirates tried to sabotage Piper's lecture to the Arab League on Zionist control of the American media . . .
